The Michigan Pest Control Association was pleased to announce the winner of 2006 scholarship award at its recent annual summer meeting banquet at Mission Point Resort, Mackinac Island Michigan. The MPCA announced and presented Eric Rose, to the members in attendance, as the winner for this year's \$2,000.00 scholarship award. Eric was sponsored for the scholarship by his mother who works at Aardvark Pest management Service as the Office Manager. Eric was ranked sixth in his class at Grandville High School with a GPA of 3.986. Eric was involved in several activities including the National Honor Society as President, ran track on the High School team, many basketball programs, student ambassador program, two years in the national French competition, four years on the honor roll and a two year academic letter winner. This fall, Eric will be studying his freshman year at the University of Michigan, majoring in business finance. Eric's girl friend and parents were in attendance at the banquet to see Eric accept the award. The MPCA Board of Directors, Foundation, and members wish Eric the best in his academic career.
